### INFORMATION FOR AUTHORS

**Scope:** Dhaka University Journal of Applied Science and Engineering publishes original research papers and short communications submitted by the teachers and researchers of the University of Dhaka from any area of applied science, engineering and technology. In the case of joint authorship of a paper, one of the authors must be from University of Dhaka.

**Form of Manuscript:** Manuscript must be **typed with double spacing** (font size 11) on one side of A4 (210 mm x 297 mm) white papers with margins. The first page of the typescript should contain title of the article, name(s) of the author(s) with academic or professional affiliation(s) and in case of joint authorship the address of the author to whom communications should be made. A title, **not exceeding 50 characters**, should be provided for page headings. The title page should be followed by a page containing only the full title and in case of a full paper, an abstract of up to **150 words** briefly pointing out materials, methodology and main results. No abstract is necessary for short a communication. Contributions should be as concise as possible, and must not exceed **ten typed pages in the case of full papers and two typed pages** in the case of short communications. Tables, graphs and figures should be kept to minimum. Tables of data represented by graphs should not be included unless they are absolutely necessary. Footnotes should be avoided as far as possible. **Soft copy in MS Word/Latex** must be supplied with the final manuscript.

**References:** All references must be numbered consecutively according to their occurrences in the text. Reference citations in the text should be indicated by square brackets, e.g., [1, 4, 5], and included in a numbered reference list at the end according to the following style:

For a paper in a journal: Alam, M.S. and M.D. Tokhi, 2008, "Dynamic modeling of a twin motor system: a genetic algorithm optimization approach", The Dhaka University J. of Sci. 56(2), pp 183-187.

For a book: Chani, A., 2003, "Medicinal plants of Bangladesh" 2<sup>nd</sup> ed, Asiatic Society of Bangladesh, Dhaka-1000, pp 69-70.

For a paper in a contributed volume: Zadeh, I.A., 1974, "Calculus of Fuzzy restrictions", In: I. A. Zadeh, K.S., Fu, K. Tanaka and M. Shimura (ed), Fuzzy sets and their applications to cognitive and decision processes, Academic Press, NY.

**Submission of Manuscript:** Authors should submit two copies of the manuscripts to the editor following the style and format of the journal. The author(s), at the time of submitting their manuscript, must certify that the work was carried out by the author(s) and the contents of the manuscript were not published before or submitted for publication in any other journal. In order to assist the referees, authors are requested to furnish copies of relevant unpublished or inaccessible references.

**Editorial Process:** All papers will be refereed. The editor will process the paper in consultation with the department member of the editorial board, and the authors may be required to incorporate necessary changes as suggested by the referees. Final decisions on the papers will be made by the editorial board on the basis of the reports of the referees.
