CONTENTS

Apurba Sarker Apu, Atiqul Haque Pathan, Golam Kibria and Reza-ul Jalil - <i>In vitro</i> Release Kinetic Study of Theophylline from Eudragit RS PO and Eudragit RL PO Matrix Tablets	1
Farzana Alam, Mohammad S. Rahman, Md. Shahanur Alam, Md. Khalid Hossain, Md. Aslam Hossain and Mohammad A. Rashid - Phytochemical and Biological investigations of <i>Phoenix paludosa</i> Roxb.	7
Sneegdha Poddar, Razia Sultana, Rebeka Sultana, Maruf Mohammad Akbor, Mohammad Abul Kalam Azad and Abul Hasnat - Pattern of Adverse Drug Reactions Due to Cancer Chemotherapy in Tertiary Care Teaching Hospital in Bangladesh	11
Shapna Sultana, Mohammad S. Rahman, Md. Aslam Hossain, Md. Khalid Hossain, and Mohammad A. Rashid - Phytochemical and Biological Investigations of <i>Ixora lutea</i> Hutch.	17
Abul Kalam Lutful Kabir, Bishyajit Kumar Biswas and Abu Shara Shamsur Rouf - Design, Fabrication and Evaluation of Drug Release Kinetics from Aceclofenac Matrix Tablets using Hydroxypropyl Methyl Cellulose	23
Mohammad Nezab Uddin, Ishtiaq Ahmed, Monzurul Amin Roni, Muhammad Rashedul Islam, Mohammad Habibur Rahman and Reza-ul Jalil - <i>In vitro</i> Release Kinetics Study of Ranolazine from Swellable Hydrophilic Matrix Tablets	31
Mohammad G.U. Khan, Kamrun Nahar, Mohammad S. Rahman, Choudhury M. Hasan and Mohammad A. Rashid - Phytochemical and Biological Investigations of <i>Curcuma longa</i>	39
Mohammad Mohiuddin, Md. Shah Amran and Md. Amjad Hossain - The <i>in vivo</i> Effects of Caffeine on the Hypoglycemic Activity of Gliclazide and Metformin in Healthy Rats	47
Md. Ashik Ullah, Mohammad Abul Kalam Azad, Rebeka Sultana, Eva Rahman Kabir, A. H. M. Mahbub Latif and Abul Hasnat - Pharmacokinetic Study of Amoxicillin Capsule in Healthy Bangladeshi Subjects using Urinary Excretion Data	53
Hasina Yasmin, Md. Abul Kaisar, Md. Moklesur Rahman Sarker, Mohammed Shafikur Rahman and Mohammad A. Rashid - Preliminary Anti-bacterial Activity of Some Indigenous Plants of Bangladesh	61
Muhammad Shahidul Islam, Kazi Rashidul Azam, Jakir Ahmed Chowdhury and Md. Selim Reza - Comparison of Gastro Retention Time and <i>in vitro</i> Release Profile studies of Ciprofloxacin HCl from Co-matrix Tablets of Hydrophilic Polymers	67
Miraj Kobad Chowdhury, Nazmul Ahsan and Anwarul Azim Akhand - Leaf Extracts of <i>Azadirachta indica</i> and <i>Terminalia arjuna</i> Induce Death of HeLa cells without DNA Degradation	75

Susmita Laila, Tasnuva Haque, Md. Mesbah Uddin Talukder, Ishtiaq Ahmed, Muhammad Rashedul Islam and Md. Habibur Rahman - Development of Glyceryl Monostearate Based Ciprofloxacin Hydrochloride Sustained Release Matrix Tablet: an <i>in vitro</i> Study	81
Tasnuva Haque, Md. Mesbah Uddin Talukder, Susmita Laila, Kanij Fatema, Muhammad Shahidul Islam and Md. Selim Reza - Model Dependent and Independent Approaches to Compare <i>In vitro</i> Release Profiles from Ethylcellulose and Eudragit L100 Based Matrix Tablets	89
Short communications	
S. M. Raquibul Hasan, Raushanara Akter, Md. Mokarram Hossain, Abdullah Faruque and Md. Sohel Rana - Antinociceptive and CNS Depressant Activities of <i>Xanthium indicum</i> Koen. in Mice	99
Shaila Kabir, Md. Khalid Hossain, A. N. M. Hamidul Kabir and Md. Nazrul Islam - Real-Time Quantification and Length Polymorphism (LPM) Analysis of Bacterial and Fungal DNA from Environmental Soil Samples Extracted by Different Methods	103

INSTRUCTIONS TO AUTHORS

The following instructions must be followed during preparation of manuscripts intended for publication in the Dhaka University Journal of Pharmaceutical sciences:

The Dhaka University Journal of Pharmaceutical Sciences, a **peer reviewed journal**, invites and publishes full papers and short communications that make substantial and scholarly contributions to any areas of pharmaceutical sciences.

Manuscripts should be in English, type-written or preferably composed with a computer, in double space with wide margins on 29.21 × 21.59 cm good quality bond or A4 (29.7 × 21.0 cm) offset paper and should not exceed 10 pages in case of full papers and four pages in case of short communications, including tables and figures.

Title Page. The title should appear on a separate page and should be followed by the author names and the institution name and address. The title, author name(s), and affiliations should all appear on their own respective line of text. Place an asterisk after the name of the author to whom enquiries regarding the paper should be directed and include that author's telephone and fax numbers and e-mail address.

Abstract. The abstract, detailing, in one paragraph, the problem, experimental approach, major findings, and conclusions, should appear on the second page. It should be double-spaced and should not exceed 150 words for full Papers.

Key words. Author(s) must give 3 to 10 "key words" or phrases, which identify the most important subjects covered by the paper. These should be placed at the end of the abstract.

Introduction. The manuscript should include a brief introduction stating the purpose of the investigation and relating the manuscripts to similar research previously or currently being conducted. Only information essential to the arguments should be presented.

Materials and Methods. This section should contain some specific details about the materials studied, instruments used, sources of specialized chemicals and related experimental details to allow other workers to reproduce the results. Separate paragraphs with sub-headings may be used to describe the experimental details.

Results and Discussion. The results should be presented concisely. Tables and figures should be designed to maximize the presentation and comprehension of the experimental data. The discussion should interpret the results and relate them to existing knowledge in the field as clearly and briefly as possible.

Acknowledgments. The Acknowledgments section should include credits for assistance, financial support, and other appropriate recognition.

References. References to the literature, regardless of their nature, should be numbered in order of appearance in the manuscript and cited in the text with superscript numbers. References should follow the format shown:

1. Khan, S., Jabbar, A., Hasan, C.M. and Rashid, M.A. 2000. Nasimaluns A and B: *neo-clerodane* diterpenoids from *Barringtonia racemosa*. *J. Nat. Prod.* **63**, 410-411.
2. Rashid, M.A., Gustafson, K.R., Crouch, R.C., Groweiss, A., Pannell, L.K., Van, Q.N. and Boyd, M.R. 2002. Application of high-field NMR and cryogenic probe technologies in the structure elucidation of poecillastrin A, a new antitumor macrolide lactam from the sponge *Poecillastra* species. *Org. Lett.* **4**, 3293-3296.
3. Mabry, T., Markham, K.R. and Thomas, M.B. 1971. *The Systematic Identification of Flavonoids*. Springer Verlag, New York, p. 43.
4. Harborne, J.B. 1983. In: *Chemistry and Chemical Taxonomy of the Rutales* (Waterman, P.G. and Grundon, M.F., Eds.), Academic Press, London, Chapter 2, pp. 147-173.
5. Hasan, C.M. 1982. Phytochemical studies on some African Annonaceae. Ph. D. Thesis, University of Strathclyde, U.K., p. 35.

Abbreviations. Abbreviations are used without periods. Standard abbreviations should be used throughout the manuscript. The preferred forms of some of the more commonly used abbreviations are mp, bp, °C, K, s, min, h, ml, µl, kg, g, mg, µg, cm, mm, nm, mol, mmol, µmol, ppm, TLC, GC, NMR, MS, UV, and IR.

Structural Drawings. The quality of the illustrations printed depends on the quality of the originals provided. The pages of the Dhaka University Journal of Pharmaceutical Sciences are produced completely electronically. Tracing paper or

textured “artist” papers should be avoided. Structures of compounds should be produced with the use of a drawing program such as Chem Draw or ISIS Draw.

Tables. These should be numbered consecutively with Arabic numerals and should be grouped at the end of the paper. Each table should be provided with a descriptive heading, which, together with the individual column headings, should make the table, as nearly as possible, self-explanatory.

Figures. Figures should be constructed carefully. All illustrations should be numbered as "Figures", with Arabic numerals. Blocks of chemical structures should not be designated as "Figures". Each figure must be identified outside the frame of the figure. The figure number (Arabic) and legend must be typed clearly.

Short Communications. Short communication should not contain any abstract. The list of references should not exceed 10. The presentation of Short Communications should be continuous and paragraphed but should not contain any headings such as Introduction, Results and Discussion, etc.

Electronic Manuscript Submission. The final accepted version of the manuscript should be submitted in electronic form. The disk should accompany the final accepted version of the manuscript and MUST exactly match the final accepted version in hardcopy. Label the disk with the manuscript number and the corresponding author name. Provide the platform, version of software used, and filenames on the Media Description form. It is best to use the fonts “Times New Roman” and “Symbol”. Tables may be created using a word processor’s text mode or table format feature. The table format feature is preferred. Ensure each data entry is in its own table cell. If the text mode is used,

separate columns with a single tab and use a line feed (return) at the end of each row.

Proofs and Reprints. Galley proofs will be sent to the corresponding author, which s/he is requested to correct and return as soon as possible. No new matter be inserted in the text and **no changes be made in the title or author name(s) at the time of proof reading.** Corresponding author will receive 25 reprints free of charge.

Declaration. All authors are requested to sign a declaration that the work described in the manuscript was carried out by them and the contents of the paper have not been published before or submitted elsewhere for publication. When the number of authors/co-authors is more than one, the corresponding author is required to mention the exact contribution of each co-author and also indicate his/her percentage of contribution.

Corrections. If errors of consequence are detected in a published paper, the author(s) should send a correction to the Editor for publication as an Addition and Correction.

Editorial Office. Manuscripts should be submitted in triplicate to the Editor, *Dhaka University Journal of Pharmaceutical Sciences*, Faculty of Pharmacy, University of Dhaka, Dhaka-1000, Bangladesh. Correspondences regarding any submitted or accepted papers and proofs should be directed to the editorial office.
