CONTENTS

Nadia Noor, Kishan Mahmud, Md. Tanvir Ahmed Chowdhury and S.M. Imamul Huq - The use of biochar as ameliorator for soil arsenic	111
Md. Manirul Haque, Anwar Hossain, Shankar Chandra Mandal, Mohammad Shamsur Rahman and Zahid Hayat Mahmud - Prevalence, characterization and antibiotic susceptibility of <i>Vibrio parahaemolyticus</i> isolated from fishes and shellfishes of coastal regions of Bangladesh	121
S. Khatun, S.U. Ahmed, S.M.A. Faiz and A.H.M. Mustafizur Rahmana - Impacts of tillage operations and microirrigation practices on weed infestation of BRRI Dhan 28	131
Romana Akter, K.S. Hossain and M.A. Bashar - Antagonistic potential of rhizosphere mycoflora against Fusarial wilt of brinjal	137
Wardatul Jannat Anamika, Miraj Kobad Chowdhury, Md. Ausrafuggaman Nahid, Abu Shara Shamsur Rouf and M. Aftab Uddin - Chemical and biological potentialities of the ethyl acetate extracts of <i>Drynaria quercifolia</i> tuber and leaf	147
Polash Chandra Dash, Nahid Sultana, Khandker Nesar Ahmed, Mahmuda Begum, Shankar Chandra Mandal and Anwar Hossain - Effects of feeds on growth performance and nutritional composition of <i>Cirrhinus mrigala</i> fingerlings	153
Tamanna Akter, Sharmin Musa and Hamida Khanum - Occurrence of protozoa and soil transmitted helminth (STH) in human feces used as manure in agriculture	161
Asma Sultana, Hamida Khanum, Priyanka Barua and Rashidul Haque - Comparison of direct microscopy and <i>in vitro</i> culture for the detection of <i>Blastocystis hominis</i> among the slum children of Dhaka city	169
Umesh K. Mandal, Sukumar Dutta, Nazma, Md. Shahjahan Ali, N.H. Sharifee and Ashfaque Ahmed - Spatial Soil Erosion Modeling for Sustainable Agriculture Development Using Remote Sensing and GIS Technology	177
Ummey Saima Siddika and Kamal Uddin Ahmed Chowdhury - Cognitive distortion among psychiatric patients	191

Md. Azharul Islam and Mst. Adiba Akter - Health related quality of life and self esteem of substance users in Bangladesh 199

Short communications

M.A. Bashar, Romana Akter and K.S. Hossain - Potential fungicides and plant extracts against Fusarial wilt of brinjal 209

Md. Khalilur Rahman - Diurnal variation in transpiration in rice and wheat plants grown in sand and sandy soil under channel irrigation system 215

CONTENTS

M.T.A. Chowdhury, L. Nesa and S.M. Imamul Huq - Assessment of the phytoavailability of Cu and Ni using various extraction procedures	1
Serajus Salaheen, Md. Arafat Al Mamun, Shakila Nargis Khan and Md. Mozammel Hoq - Improvement of <i>Bacillus licheniformis</i> MZK05 by mutation for increased production of keratinase	17
Tania Sultana, M.A. Bashar and S. Shamsi - Monthly variation in air borne fungal propagules of Dhaka metropolitan city	25
Mirza Aatur Rahman, Md. Golam Rabbane, Benoy Kumar Barman and Md. Ghulam Mustafa - Impacts of training and aquaculture extension on livelihoods of rural fish farmers in different regions of Bangladesh	35
Md. Kowser Miah, Sajeda Akand, Nousheen Parven and M.A. Bashar - Developmental stages of <i>Lampides boeticus</i> (Lepidoptera : Lycaenidae) and their association with the host plant <i>Lupinus nanus</i> (Fabaceae)	43
M.K. Rahman, M. Eunuch, G.M. Fazlul Haque, H.R. Khan and A.J.M. Abdur Rouf - Nutrient losses of agricultural land due to brick manufacturing in the central region of Bangladesh	53
Fahema Sultana and Mst. Maleka Pervin - Influence of gender differences on personality characteristics : A study of urban and rural children	59
Hamida Khanum, Mafruha Alam, Imtiaz Khalil and Rashidul Haque - Quantative assesment of kato-katz thick smear and formol-ether concentration technique for the diagnosis of <i>Ascaris lumbricoides</i>	65
M. Hasina Arju, Md. Kowser Miah, Nousheen Parven and M.A. Bashar - Developmental stages of a common grass yellow butterfly, <i>Eurema hecabe</i>	73
Md. Ali Husain, Anwar Hossain, Shankar Chandra Mandal, Md. Alamgir Kabir and Mohammad Shamsur Rahman - Optimization of feeding frequency on the growth performance of thai pangas, <i>Pangasius hypophthalmus</i> (Sauvage, 1878)	83
Oli Ahmed and Mahfuza Khanam - Strategies for learning and academic achievement of secondary school students	91

Short communications

Nargis Jahan and A.M.M. Golam Adam - Growth and yield responses of BARI Gom-25 in relation to sowing time	99
Pranami Chowdhury, Shamim Shamsi and M.A. Bashar - Grain spotting of rice caused by <i>Pestalotiopsis guepinii</i> (Desm.) Stay – A new record	103
Aleya Begum, Subrina Sehrin, Yasmin Sultana and Nurul Arefin Mahmood - Prevalence and intensity of helminth parasites in <i>Mystus tengara</i>	107

INSTRUCTIONS TO CONTRIBUTORS

1. The Dhaka University Journal of Biological Sciences publishes full papers and short communications of original research on all aspects of biological sciences that make a sufficient contribution to biological knowledge.

2. Papers should be in English, typed double-spaced and on one side of the paper (30 × 21 cm), preferably A-4 bond paper, with sufficient margin on all sides, and should not exceed **ten typed pages** (approximately 2500 words) in case of full papers and **five typed pages** including Tables and Figures in case of short communications. A paper is received on the undertaking by the author(s) that it has not been and will not be published elsewhere; and that it may be edited, where necessary, for brevity, clarity, and elimination of redundancy.

The cover letter of an article should be signed by all co-authors.

3. A paper should have : (a) **Title page** (Page 1) which should include (i) Title of the paper; (ii) Name of the author(s) in full; (iii) Complete address of the institution/laboratory where the work was performed; (iv) Running title; (v) Key words and (vi) Name, address and telephone number(s) of the author to whom all correspondence (galley proofs, reprint requests etc) may be made.

The title page should be followed by the **Abstract page** (Page 2). A full paper should have an abstract preferably within 200 words. The abstract should only include objective and summarized results.

The Abstract, should be followed by separate pages, Page 3 onwards wherein **Introduction, Materials and Methods, Results and Discussion, Acknowledgements** (if any) and **References** should be included consecutively.

4. **Tables** should be typed on separate sheets and their approximate positions should be marked in the text. Foot notes should be avoided as far as possible.

5. **Figures** should be prepared in line drawings in indelible ink with standard stencils. Original legible machine-charts or data sheets may be used. Figures should be uniform to all the same degree of reduction and their lettering (done with lettering aids) should be 4-6 mm in height to allow legibility upon reduction.

Photographs should be of high-contrast glossy, black and white prints.

All original figures, plates, photographs should be numbered on the back with authors' names and title of the paper, indicating top side by using a soft pencil.

Legends to the figures, plates or photographs should be typed on separate sheets of paper and submitted in triplicate with numbers given for each legend.

6. Use of metric system and the Celsius scale (°C) is mandatory.

7. **References.** The references actually cited in the text should be listed. References in text should be cited in parenthesis numerically like ⁽¹⁾, ⁽³⁻⁵⁾, etc.

Journal :

1. Uddin MJ, S Al-Mamun, A Nessa, Z Parveen and SM Imamul Huq 2014. Effects of waste water irrigation on the growth and nutrient status of kalmi (*Ipomoea aquatica* Forssk.). Dhaka Univ. J. Biol. Sci. **23**(1): 1-8.

Books :

1. Mian MA and MA Miyan 1984. *An Introduction to Statistics*. Ideal Library, Dhaka. pp. 703-746.
2. Hassan MA 2009. In: Ahmed ZU, Hassan MA, Begum ZNT, Khondker M, Kabir SMH, Ahmed M and Ahmed ATA (Eds), *Encyclopedia of Flora and Fauna of Bangladesh*, Vol. 10. Angiosperms: Dicotyledons (Rhamnaceae). Asiatic Society of Bangladesh, Dhaka, pp. 7-14.

8. **Short communications** must not exceed **FOUR** type-written double spaced pages including one table and/or one illustration, if any. The list of references at the end of the paper should not exceed ten. The presentation of Short communications should be continuous and paragraphed, without headings such as Introduction, Materials and Methods, Results and Discussions etc.

9. **Submission on diskette.** Authors must submit a diskette/CD in MS words containing the final version of the text; this should be in addition to, not as a replacement for, the required two copies.

10. Final galley-proofs will be sent to the authors for corrections. The corrected proofs should be immediately returned to the Editor. Authors should not insert new matter into proofs.

Authors will receive 15 reprints as free copy.

11. Papers should be submitted in **duplicate** to: Professor Md. Abul Bashar, Editor, The Dhaka University Journal of Biological Sciences, Department of Botany, University of Dhaka, Dhaka-1000, Bangladesh.
