## INSTRUCTIONS TO CONTRIBUTORS

1. The Dhaka University Journal of Biological Sciences publishes full papers and short communications of original research on all aspects of biological sciences that make a sufficient contribution to biological knowledge.

2. Papers should be in English, typed double-spaced and on one side of the paper (30 × 21 cm), preferably A-4 bond paper, with sufficient margin on all sides, and should not exceed **ten typed pages** (approximately 2500 words) in case of full papers and **five typed pages** including tables and figures in case of short communications. A paper is received on the undertaking by the author(s) that it has not been and will not be published elsewhere; and that it may be edited, where necessary, for brevity, clarity, and elimination of redundancy.

**The cover letter of an article should be signed by all co-authors.**

3. A paper should have : (a) **Title page** (Page 1) which should include (i) Title of the paper; (ii) Name of the author(s) in full; (iii) Complete address of the institution/laboratory where the work was performed; (iv) Running title; (v) Key words; and (vi) name, address and e-mail id along with telephone number of the author to whom all correspondence (galley proofs, reprint requests, etc) may be made.

The title page should be followed by the **Abstract page** (Page 2). A full paper should have an abstract preferably within 200 words. The abstract should only include objective and summarized results.

The Abstract, should be followed by separate pages, Page 3 onwards wherein **Introduction, Materials and Methods, Results and Discussion, Acknowledgements** (if any) and **References** should be included consecutively.

4. **Tables** should be typed on separate sheets and their approximate positions should be marked in the text. Foot notes should be avoided as far as possible.

5. **Figures** should be prepared in line drawings in indelible ink with standard stencils. Original legible machine-charts or data sheets may be used. Figures should be uniform to all the same degree of reduction and their lettering (done with lettering aids) should be 4-6 mm in height to allow legibility upon reduction.

**Photographs** should be of high-contrast glossy, black and white prints.

All original figures, plates, photographs should be numbered on the back with authors' names and title of the paper, indicating top side by using a soft pencil.

**Legends** to the figures, plates or photographs should be typed on separate sheets of paper and submitted in triplicate with numbers given for each legend.

6. Use of metric system and the Celsius scale (°C) is mandatory.

7. **References.** The references actually cited in the text should be listed. References in text should be cited in parenthesis numerically like <sup>(1)</sup>, <sup>(3-5)</sup>, etc.

### Journal :

1. Uddin MJ, S AI-Mamun, A Nessa, Z Parveen and SM Imamul Huq 2014. Effects of waste water irrigation on the growth and nutrient status of kalmi (*Ipomoea aquatica* Forssk.). Dhaka Univ. J. Biol. Sci. **23**(1): 1-8.

### Books :

1. Tortora GJ, BR Funke and CL Case 2002. *Microbiology: An Introduction*. San Francisco, Boston, New York, pp. 887.
2. Hassan MA 2009. In: Ahmed ZU, MA Hassan, ZNT Begum, M Khondker, SMH Kabir, M Ahmed and ATA Ahmed (Eds), *Encyclopedia of Flora and Fauna of Bangladesh*, Vol. **10**. Angiosperms: Dicotyledons (Rhamnaceae). Asiatic Society of Bangladesh, Dhaka, pp. 7-14.

8. **Short communications** must not exceed **FIVE** type-written double spaced pages including one table and/or one illustration, if any. The list of references at the end of the paper should not exceed ten. The presentation of short communications should be continuous and paragraphed, without headings such as Introduction, Materials and Methods, Results and Discussions, etc.

9. **Submission on diskette.** Authors must submit a diskette/CD in MS words containing the final version of the text; this should be in addition to, not as a replacement for, the required two copies.

10. Final galley-proofs will be sent to the authors for corrections. The corrected proofs should be immediately returned to the Editor. Authors should not insert new matter into proofs.

### Authors will receive 15 reprints as free copy.

11. Papers should be submitted in **duplicate** to: Professor Dr. Md. Khalilur Rahman, Editor, The Dhaka University Journal of Biological Sciences, Department of Soil, Water and Environment, University of Dhaka, Dhaka-1000, Bangladesh.
