THE DHAKA UNIVERSITY
JOURNAL OF
BIOLOGICAL SCIENCES

(Dhaka Univ. J. Biol. Sci.)

Vol. 20, No. 2

July 2011

CONTENTS

- Bimal Chandra Sarker and J. L. Karmoker** - Effect of phosphorus deficiency on growth and transport of K^+ , Na^+ , Cl^- , NO_3^- in lentil seedling (*Lens culinaris* Medik. var. Barimasur-4) 103
- Md. Ali Hossain Shamim, Md. Kawser Ahmed and Abu Tareq Mohammad Abdullah** - Proximate composition of different portion of hilsa, *Tenuialosa ilisha* from two regions of the Bay of Bengal in Bangladesh 109
- Hamida Khanum, Salma Begum and Aleya Begum** - Seasonal prevalence, intensity and organal distribution of helminth parasites in *Macragnathus aculeatus* 117
- M. Murshida Mahbub, Nafisa Azmuda, Belal Maumood, Sirajul Islam Khan, Nils-Kåre Birkeland and Humaira Akhter** - Drug resistance and curli fimbriation of *Escherichia coli* isolated from Bangladeshi patients with urinary tract infections 123
- Rumana Azad and Shamim Shamsi** - Identification and pathogenic potentiality of fungi associated with *Houttuynia cordata* Thunb. 131
- Raozatul Jannat Ferdous Lutfunnessa and Shamim Shamsi** - Fungal diseases of cotton plant *Gossypium hirsutum* L. in Bangladesh 139
- A. S. Bhuiyan, S. Akhter and M. M. A. Quddus** - Diurnal vertical migration of some cladocerans in relation to the physico-chemical factors in a fish pond 147
- Fatema Kahtun, Nousheen Parven and M.A. Bashar** - Dependency on planktons of the small indigenous fish species *Esomus danricus* (Ham.) in different habitats 155
- Pronob Kumar Mozumder, M. Niamul Naser, Munirul Alam and Anwar Huq** - Abundance and seasonal diversity of zooplankton in coastal aquatic environments of Mathbaria, Bangladesh 163
- K. F. Akter, Z. H. Khan, M. S. Hussain and A. R. Mazumder** - Physico-chemical characteristics of the seasonally flooded soils of Bangladesh and their management implications 173
- Md. Masud Alam, Mohammad Ilias, Md. Abdullah Siddique, Md. Mamun Kabir, Farida Nazib and Md. Gulam Musawwir Khan** - Genotype-specific detection of *Giardia lamblia* in stool samples of diarrhoeal and non-diarrhoeal patients in Dhaka, Bangladesh 183

Md. Safiqul Islam, Md. Saiful Islam and Yearul Kabir - Association of C-reactive protein and uric acid with type 2 diabetes	191
Short communications	
Ashfaqul Alam, Lutfе Ara, Anowara Begum and Sirajul Islam Khan - Effect of amino acids as growth stimulant for recovery of <i>Shigella</i> spp.	201
Parveen Rashid and Ashfaque Ahmed - Anatomical adaptations of <i>Myriostachya wightiana</i> Hook. f. to salt stress	205

THE DHAKA UNIVERSITY
JOURNAL OF
BIOLOGICAL SCIENCES

Vol. 20, No. 1

January 2011

CONTENTS

Shafiul Alam, Ahmad Ferdous, Md. Eunos Ali, Asma Ahmed, Apala Farhat Naved and Sharif Akhteruzzaman - Forensic microsatellite TH01 and malaria predisposition	1
Moniruzzaman Khondker, Md. Shafiqul Islam and Humayra Afroze - Vertical distribution of phytoplankton in a hypertrophic jheel, Mirpur, Dhaka	7
M. A. Aziz, M. A. Mazid Miah and M. J. Uddin - Performance of shusama organic fertilizer on the growth and yield of wetland rice	15
Augustin Kakon Gomes, Humaira Akhter, Belal Mahmud, Sirajul Islam Khan and Anowara Begum - Prevalence and characterization of multi-drug resistant <i>Escherichia coli</i> from urine samples	23
A. K. M. Nazrul Kabir and M. Niamul Naser - Physico-chemical aspects of <i>Chandbill</i> Oxbow lake of Meherpur, Bangladesh	31
Hamida Khanum, Shahanaj Pervin, Zaibun Nessa and A.B.M. Mizanur Rahman - Comparative efficacy of albendazole, mebendazole and neem leaf extract in helminth infections in rat models	41
Md. Abdul Karim and Kimio Fukami - Physiological characters of psychrotolerant bacteria in a eutrophic bottom environment	49
Anwar Hossain, Mohammad Shamsur Rahman and Mahmud Hasan - Optimum harvest for sustainable yield of fish live food tubificid worms	57
A. H. M. Z. Ali - Effects of irradiance and penetration resistance on root and shoot growth of rice	65
M. M. Hossain, Z. H. Khan, M. S. Hussain and A. R. Mazumder - Characterization and classification of some intensively cultivated soils from the Ganges river floodplain of Bangladesh	71
Md. Monjurul Alam, Syed Alauddin Ahmad, A.H. Khan and Sirajul Hoque - Nutrient uptake, harvest and addition by crops under different cropping sequences	81
Short communications	
Mohammad Shahriar and Shaila Kabir - Analgesic activity of <i>Adiantum flabellulatum</i>	91

Md. Almujaaddade Alfasane, Moniruzzaman Khondker and M. Mahbubar Rahman - Biochemical composition of the fruits of water chestnut (<i>Trapa bispinosa</i> Roxb.)	95
M. K. Rahman, S. M. Kabir, G.M. Mohsin and A. H. M. Z. Ali - Response of <i>pueraria</i> cover crop to inoculation with am fungi and phosphorus in upland soil of rubber plantation areas in Bangladesh	99

INSTRUCTIONS TO CONTRIBUTORS

1. The Dhaka University Journal of Biological Sciences publishes full papers and short communications of original research on all aspects of biological sciences that make a sufficient contribution to biological knowledge.

2. Papers should be in English, typed double-spaced and on one side of the paper (30 × 21 cm), preferably A-4 bond paper, with sufficient margin on all sides, and should not exceed ten typed pages (approximately 2500 words) in case of full papers and five typed pages including Tables and Figures in case of short communications. A paper is received on the undertaking by the author(s) that it has not been and will not be published elsewhere; and that it may be edited, where necessary, for brevity, clarity, and elimination of redundancy.

The cover letter of an article should be signed by all co-authors.

3. A paper should have : (a) **Title page** (Page 1) which should include (i) Title of the paper; (ii) Name of the author(s) in full; (iii) Complete address of the institution/laboratory where the work was performed; (iv) Running title; (v) Key words and (vi) Name, address and telephone number(s) of the author to whom all correspondence (galley proofs, reprint requests etc) may be made.

The title page should be followed by the **Abstract page** (Page 2). A full paper should have an abstract preferably within 200 words. The abstract should only include objective and summarized results.

The Abstract, should be followed by separate pages, Page 3 onwards wherein **Introduction, Materials and Methods, Results and Discussion, Acknowledgements** (if any) and **References** should be included consecutively.

4. **Tables** should be typed on separate sheets and their approximate positions should be marked in the text. Foot notes should be avoided as far as possible.

5. **Figures** should be prepared in line drawings in indelible ink with standard stencils. Original legible machine-charts or data sheets may be used. Figures should be uniform to all the same degree of reduction and their lettering (done with lettering aids) should be 4-6 mm in height to allow legibility upon reduction.

Photographs should be of high-contrast glossy, black and white prints.

All original figures, plates, photographs should be numbered on the back with authors' names and title of the paper, indicating top side by using a soft pencil.

Legends to the figures, plates or photographs should be typed on separate

sheets of paper and submitted in triplicate with numbers given for each legend.

6. Use of metric system and the Celsius scale (°C) is mandatory.

7. **References.** The references actually cited in the text should be listed. References in text should be cited in parenthesis numerically like ⁽¹⁾, ⁽³⁻⁵⁾, etc.

Journal :

1. Ahmed F, KA Rahim, SA Fattah, A Islam and A Ahmed 1997. Comparative study of changes of liver function tests in patients with viral hepatitis and those with liver cirrhosis. Dhaka Univ. J. Biol. Sci. **6**(2) : 173-183.

Books :

1. Price CP and KGMM Alberti 1979. *Biochemical assessment of liver function in Liver and Biliary Diseases* (Wright R, KGMM Alberti, S Karran and GH Milward-Sadler Eds.), WB Saunder Co. Ltd., London.

2. Yasunobu KT and B Gomes 1971. Mitochondrial amine oxidase (monoamine oxidase) (beef liver). In: *Methods in Enzymology* (Tabor H and CW Tabor Eds.), Vol. 17, Part B, pp. 709-717. Academic Press, New York.

8. **Short communications** must not exceed **FOUR** type-written double spaced pages including one table and/or one illustration, if any. The list of references at the end of the paper should not exceed ten. The presentation of Short communications should be continuous and paragraphed, without headings such as Introduction, Materials and Methods, Results and Discussions etc.

9. **Submission on diskette.** Authors must submit a diskette/CD in MS words containing the final version of the text; this should be in addition to, not as a replacement for, the required two copies.

10. Final galley-proofs will be sent to the authors for corrections. The corrected proofs should be immediately returned to the Editor. Authors should not insert new matter into proofs.

Authors will receive 15 reprints as free copy.

11. Papers should be submitted in **duplicate** to: Professor Mamun Rashid Chowdhury, Editor, The Dhaka University Journal of Biological Sciences, Department Biochemistry & Molecular Biology, University of Dhaka, Dhaka-1000, Bangladesh.
