THE DHAKA UNIVERSITY

JOURNAL OF BIOLOGICAL SCIENCES

(Dhaka Univ. J. Biol. Sci.)

Vol. 14, No. 2

July 2005

CONTENTS

- Kaniz Fatema, Mohammad Mamun Chowdhury and Abu Tweb Abu Ahmed** - Impacts of pesticide on the physico-chemical variables and zooplankton abundance of *Argulus* sp. Müller infected brood carp pond 119
- Md. Abdul Wahed, Md. Abdul Khaleque, A.F.M. Arifur Rahman and Md. Ghulam Mustafa** - Effects of salt and ice on the extension of shelf life of punti fish (*Puntius stigma*, Cuvier and Valenciennes 1844) during short-term preservation 129
- Mohammad Mamun Chowdhury, Md. Raknuzzaman and Kazi Farhed Iqbal** - A preliminary survey on the status and potential of aquarium fish and its trade in Bangladesh 137
- Faisal Arif Hasan Chowdhury, Humaira Akhter, Mihir Lal Saha, Md. Mahfuzul Hoque and Donald James Gomes** - Characterization of lactic acid bacteria isolated from some popular dahi samples 147
- T. I. M. A. Mozmader, Udaya Shireen Keya and Tahsina Haque** - Induction of mutation in *Neurospora crassa* with diathane-M45 and genetical studies of some selected mutants 155
- Sujan Chandra Saha, S. M. Asaduzzaman, Abdullah-Al-Mahin, H. Rashid and Anisur Rahman Khan** - Extraction of chitin/chitosan from shrimp wastes and application of irradiated chitosan as an anti-bacterial agent 161
- Gulroo Begum Sufi, Mohit Morshed, Md. Abdul Wahed, Md. Abdul Khaleque and Shahida Rafique** - The performance of a solar tunnel dryer and evaluation the quality of dried and dehydrated fish 169
- Mohammad Abdul Salam, Md. Kamrujjzman, M.K. Alam, Md. Kawser Ahmed and M. A. Salam** - Seasonal variation of proximate compositions and mineral contents (Ca and P) in edible part of giant freshwater prawn, *Macrobrachium rosenbergii* (de Man, 1879) 177

Short communications

M. M. Islam, A. S. M. Mohiuddin, A. R. M. Mazumdar and S. A. Ahad - Evaluation of the potential land use practices under different depth and drainage condition of some Madhupur tract soils	187
Mohammad Al-Amin, Gulroo Begum Sufi and Reza M. Shahjahan - Esterase isozymes pattern in <i>Pangasius pangasius</i> and <i>P. sutchi</i>	193
Sk. Narul Islam, Parveen Begum and Monira Ahsan - Cytotoxicity of nutraceuticals on <i>Artmia salina</i>	197
Mohammad Shafiul Alam and Hamida Khanum - Educational status of mother as a factor for roundworm infection in children	199
Rokeya Begum and M. A. Zaman - Rho GTPases are involved in the development of transformation phenotype in mammalian cells	203

VOL. 14

NO. 2

JULY 2005

INSTRUCTIONS TO CONTRIBUTORS

1. The Dhaka University Journal of Biological Sciences publishes full papers and short communications of original research on all aspects of biological sciences that make a sufficient contribution to biological knowledge.

2. Papers should be in English, typed double-spaced and on one side of the paper (30 × 21 cm), preferably A-4 bond paper, with sufficient margin on all sides, and should not exceed ten typed pages (approximately 2500 words) in case of full papers and five typed pages including Tables and Figures in case of short communications. A paper is received on the undertaking by the author(s) that it has not been and will not be published elsewhere; and that it may be edited, where necessary, for brevity, clarity, and elimination of redundancy.

The cover letter of an article should be signed by all co-authors.

3. A paper should have : (a) **Title page** (Page 1) which should include (i) Title of the paper; (ii) Name of the author(s) in full; (iii) Complete address of the institution/laboratory where the work was performed; (iv) Running title; (v) Key words and (vi) Name, address and telephone number(s) of the author to whom all correspondence (galley proofs, reprint requests etc) may be made.

The title page should be followed by the **Abstract page** (Page 2). A full paper should have an abstract preferably within 200 words. The abstract should only include objective and summarized results.

The Abstract, should be followed by separate pages, Page 3 onwards wherein **Introduction, Materials and Methods, Results and Discussion, Acknowledgements** (if any) and **References** should be included consecutively.

4. **Tables** should be typed on separate sheets and their approximate positions should be marked in the text. Foot notes should be avoided as far as possible.

5. **Figures** should be prepared in line drawings in indelible ink with standard stencils. Original legible machine-charts or data sheets may be used. Figures should be uniform to all the same degree of reduction and their lettering (done with lettering aids) should be 4-6 mm in height to allow legibility upon reduction.

Photographs should be of high-contrast glossy, black and white prints.

All original figures, plates, photographs should be numbered on the back with authors' names and title of the paper, indicating top side by using a soft pencil.

Legends to the figures, plates or photographs should be typed on separate sheets of paper and

submitted in triplicate with numbers given for each legend.

6. Use of metric system and the Celsius scale (°C) is mandatory.

7. **References.** The references actually cited in the text should be listed. References in text should be cited in parenthesis numerically like ⁽¹⁾, ⁽³⁻⁵⁾, etc.

Journal :

1. Ahmed F, KA Rahim, SA Fattah, A Islam and A Ahmed 1997. Comparative study of changes of liver function tests in patients with viral hepatitis and those with liver cirrhosis. Dhaka Univ. J. Biol. Sci. **6**(2) : 173-183.

Books :

1. Price CP and KGMM Alberti 1979. *Biochemical assessment of liver function in Liver and Biliary Diseases* (Wright R, KGMM Alberti, S Karran and GH Milward-Sadler Eds.), WB Saunder Co. Ltd., London.

2. Yasunobu KT and B Gomes 1971. Mitochondrial amine oxidase (monoamine oxidase) (beef liver). **In:** *Methods in Enzymology* (Tabor H and CW Tabor Eds.), Vol. 17, Part B, pp. 709-717. Academic Press, New York.

8. **Short Communications** must not exceed **FOUR** type-written double spaced pages including one table and/or one illustration, if any. The list of references at the end of the paper should not exceed ten. The presentation of **Short Communications** should be continuous and paragraphed, without headings such as Introduction, Materials and Methods, Results and Discussions etc.

9. **Submission on diskette.** Authors must submit a diskette in MS words containing the final version of the text; this should be in addition to, not as a replacement for, the required two copies.

10. Page-proofs will be sent to the authors for corrections. The corrected proofs should be immediately returned to the Editor. Authors should not insert new matter into proofs.

Authors will receive 25 reprints as free copy.

11. Papers should be submitted in **duplicate** to: Professor Tofazzal Husain Khan., Editor, The Dhaka University Journal of Biological Sciences, Department of Soil, Water & Environment, University of Dhaka, Dhaka-1000, Bangladesh.
