

# THE DHAKA UNIVERSITY JOURNAL OF SCIENCE

---

Vol. 60, No. 2

July, 2012

---

## Editor

**Professor Dr. Maqbulur Rahman**

Department of Physics  
Dhaka University, Dhaka-1000, Bangladesh

## Members of the Editorial Board

**Prof. Dr. Mohammed Yousuf Ali Mollah**

Dean, Faculty of Science  
Dhaka University

**Prof. Dr. K Siddique-e Rabbani**

Department of Biomedical Physics and Technology  
Dhaka University

**Prof. Dr. Tajmeri S. A. Islam**

Department of Chemistry  
Dhaka University

**Mr. M A Jalil**

Department of Statistics, Biostatistics and  
Informatics  
Dhaka University

**Prof. Dr. Md. Tazibar Rahman**

Department of Mathematics  
Dhaka University

**Dr. Md. Tanvir Hanif**

Department of Theoretical Physics  
Dhaka University

# THE DHAKA UNIVERSITY JOURNAL OF SCIENCE

## General Information

**PUBLICATION** : Dhaka Univ. J. Sci. is generally published half-yearly in January and July as two issues per annual volume.

**SUBSCRIPTION INFORMATION** : Subscription price per issue is : Tk. 100.00 (Inland)/US\$ 15.00 (Foreign). Subscription orders should be sent to : Dhaka Univ. Journal of Science. Science Workshop Building. Curzon Hall Campus, Dhaka University, Dhaka-1000, Bangladesh.

**EDITORIAL CORRESPONDENCE** : Editorial correspondence should be addressed to : **Professor Dr. Maqbulur Rahman**, Dhaka Univ. J. Sci., Department of Physics, Dhaka University, Dhaka-1000, Bangladesh.

## Information for Authors

**SCOPE** : Dhaka Univ. J. Sci. publishes original research papers and short communications submitted by the teachers and scholars of the Dhaka University on any branch of Physical and Mathematical Sciences and their applications. In the case of joint authorship of a paper, one of the authors must be from Dhaka University.

**FORM OF MANUSCRIPT** : Manuscript must be **typed double spacing** (font size 11) on one side of A4 (210 mm x 297 mm) bond papers with margins. The first page of the typescript should contain title of article, name(s) of author(s) with academic or professional affiliation(s) and address of the author (in case of joint authorship) to whom communications should be made. The title, **not exceeding 50 characters**, should be provided for page headings. The title page should be followed by a page containing only the full title and in case of a full paper, an abstract of up to **150 words** describing the main results. No abstract is necessary for short communications. Considering the high cost of printing, contributions should be as concise as possible, and must not exceed **ten typed pages** in the case of full papers and **two typed pages** in the case of short communications. Tables, graphs and figures should be kept to a minimum. Tables of data represented by graphs should not be included unless they are absolutely necessary. Footnotes should be avoided as far as possible. **Disk, in MS Word, must be supplied with final manuscript.**

**REFERENCES** : All references must be numbered consecutively according to their occurrence in the text. Reference citations in the text should be indicated by superscripts, e.g., Smith<sup>1</sup>, solution<sup>2,3</sup> and keyed to a numbered reference list at the end according to the following style:

*For a paper in a journal* : Edmonds, J and K.M. Karp, 1997. Theoretical Improvements in Algorithmic Efficiency for Network Flow Problems. *J. assoc. Comput. mach* **19**, 248-264.

*For a book* : pines, D, and P. Noziirs, 1966. The Theory of Quantum Liquids. Vol. 1, Benjamin, N.Y.

*For a paper in a contributed volume* : Zahed, I.A., 1974. *Calculus of Fuzzy restrictions*. In : I. A. Zahed, K.S., Fu, K. Tanaka and M. Shimura (ed.). Fuzzy Sets and their application to Cognition and Decision Process, Academic Press, N. Y.

**SUBMISSION OF MANUSCRIPT** : Authors should submit two copies of their manuscripts typed as per style and format of the journal and complete with necessary diagrams to the Editor. The authors, at the time of submitting their manuscript, must certify that the work was carried out by him/them and the contents of the paper were not published before or submitted for publication in any other Journal.

To assist the referees, authors are requested to furnish copies of relevant unpublished or inaccessible references.

**EDITORIAL PROCESS**: All papers will be refereed. The Editor will process the paper in consultation with the department member of the Editorial Board, and the authors may be required to incorporate necessary changes as suggested by the referees. Final decisions on the papers will be made by the Editorial Board on the basis of the reports of the referees.

**PROOFS** : Authors will receive page-proofs. These should be corrected and returned within forty-eight hours of receipt. No new material may be inserted in the text at the time of proof reading, except where permission in advance has been obtained from the Editor.

**OFFPRINTS** : Twenty five offprints of each article published will be supplied free of charge. Additional offprints may be ordered at cost price at the time of returning the corrected page-proofs.

## CONTENTS

1.	<b>Forward Selection Procedure for Linear Model Building Using Spearman's Rank Correlation</b>	141
	<i>Md Siddiqur Rahman and Jafar A. Khan</i>	
2.	<b>A Mathematical Model Related to Chemostat with Variable Yields</b>	147
	<i>S. M. Sohel Rana and Ummi Kulsum</i>	
3.	<b>Import Flows of Bangladesh: Gravity Model Approach under Panel Data Methodology</b>	153
	<i>Mili Roy and Md. Israt Rayhan</i>	
4.	<b>An Assessment of Renewable Energy in Bangladesh through ARIMA, Holt's, ARCH-GARCH Models</b>	159
	<i>Fatema Tuz Jhohura and Md. Israt Rayhan</i>	
5.	<b>A Computer Technique for Solving LP Problems with Bounded Variables</b>	163
	<i>S. M. Atiqur Rahman Chowdhury and Sanwar Uddin Ahmad</i>	
6.	<b>Quality of Industrially Processed Fruit Juices: An Assessment Using Multivariate Framework</b>	169
	<i>Md. Anwar Hossain, Matiur Rahman and Md. Zillur Rahman Shabuz</i>	
7.	<b>Removal of Arsenic from Ground Water with Shrimp Shell</b>	175
	<i>Mohammad Arifur Rahman, Mohammad Motahar Hossain, Abdus Samad and A. M. Shafiqul Alam</i>	
8.	<b>Removal of Phosphate Ions from Aqueous Solution Using Anthracite</b>	181
	<i>Mohammad Arifur Rahman, Tamanna Azam and A. M. Shafiqul Alam</i>	
9.	<b>Removal of Methylene Blue from Waste Water Using Activated Carbon Prepared from Rice Husk</b>	185
	<i>Mohammad Arifur Rahman, S. M. Ruhul Amin and A. M. Shafiqul Alam</i>	
10.	<b>Connections on Bundles</b>	191
	<i>Md. Showkat Ali, Md. Mirazul Islam, Farzana Nasrin, Md. Abu Hanif Sarkar and Tanzia Zerin Khan</i>	
11.	<b>Synthesis of Cyclohexylcresols by Alkylation of Cresols with Cyclohexanol in the Presence of Perchloric Acid</b>	195
	<i>Md. Ashaduzzaman, A. M. Sarwaruddin Chowdhury and Manoranjan Saha</i>	
12.	<b>Synthesis of 2-Cycloalkyl-4-chlorophenols</b>	199
	<i>Md. Ashaduzzaman, Dipti Saha and Manoranjan Saha</i>	
13.	<b>Utilization of Karanja (<i>Pongamia pinnata</i>) as a Major Raw Material for the Production of Biodiesel</b>	203
	<i>Hossain Mohammad Imran, Arafat H. Khan, M. Shahinul Islam, Niher R. S., Asaduzzaman Sujon and A.M.Sarwaruddin Chowdhury</i>	
14.	<b>A Technique for Solving Special Type Quadratic Programming Problems</b>	209
	<i>M. Babul Hasan</i>	
15.	<b>Algorithm to Perform a Complete RHS Parametric Analysis for LPP with Bounded Variables</b>	217
	<i>Sanwar Uddin Ahmad, M. Babul Hasan and M. Ainul Islam</i>	
16.	<b>A Proposed Technique for Solving Linear Fractional Bounded Variable Problems</b>	223
	<i>H.K. Das and M. Babul Hasan</i>	
17.	<b>Design and Analysis of Chemotherapy and Immunotherapy Drug Scheduling Model for Cancer Tumour Treatment</b>	231
	<i>Rajib Mazumder and M.S. Alam</i>	
18.	<b>Dynamic Modelling of Flexible Manipulator System Using Genetic Algorithm</b>	239
	<i>M. S. Alam</i>	

19.	<b>Exterior Algebra with Differential Forms on Manifolds</b>	247
	<i>Md. Showkat Ali, K. M. Ahmed, M. R Khan and Md. Mirazul Islam</i>	
20.	<b>Rural to Urban Migration and Household Living Conditions in Bangladesh</b>	253
	<i>M. Ershadul Haque and M. Mazharul Islam</i>	
21.	<b>On Some Characterizations of Vector Fields on Manifolds</b>	259
	<i>Khondokar M. Ahmed, Md. Raknuzzaman and Md. Showkat Ali</i>	
22.	<b>A General Construction Method of Simultaneous Confounding in <math>p^n</math> - Factorial Experiment</b>	265
	<i>M A Jalil</i>	
23.	<b>Origin of the Larger Values of Total Cross Section for Helium Scattering from Isolated Atomic Steps</b>	271
	<i>K. S. Sultana, W Allison and M. Z. Hafiz</i>	
24.	<b>Impedance Analyses of Alumina-Molybdenum (Al<sub>2</sub>O<sub>3</sub>-Mo) Composites</b>	277
	<i>S. Hussain and O. Sbaizero</i>	
25.	<b>Annealing Effects on the Properties of Chemically Deposited CdS Thin Films at Ambient Condition</b>	283
	<i>G. Mustafa, M.R.I. Chowdhury, D.K. Saha, S. Hussain, and O. Islam</i>	
	<b>Short Communication</b>	
26.	<b>Estimation of Iron and Metronidazole Content from Respective Oral Dosage Forms Available in Local Market</b>	289
	<i>Sadia Afrin Chanda, Tarikul Islam Tuhin, Tanvir Muslim and Md. Azizur Rahman</i>	

## CONTENTS

1432.	<b>Forward Selection Procedure for Linear Model Building Using Spearman's Rank Correlation</b>	141-145
	<i>Md Siddiqur Rahman and Jafar A. Khan</i>	
1440.	<b>A Mathematical Model Related to Chemostat with Variable Yields</b>	147-152
	<i>S. M. Sohel Rana and Ummi Kulsum</i>	
1449.	<b>Import Flows of Bangladesh: Gravity Model Approach under Panel Data Methodology</b>	153-157
	<i>Mili Roy and Md. Israt Rayhan</i>	
1451.	<b>An Assessment of Renewable Energy in Bangladesh through ARIMA, Holt's, ARCH-GARCH Models</b>	159-162
	<i>Fatema Tuz Jhohura and Md. Israt Rayhan</i>	
1456.	<b>A Computer Technique for Solving LP Problems with Bounded Variables</b>	163-168
