## General Information

**PUBLICATION** : Dhaka Univ. J. Sci. is generally published half-yearly in January and July as two issues per annual volume.

**SUBSCRIPTION INFORMATION** : Subscription price per issue is : Tk. 100.00 (Inland)/US\$ 15.00 (Foreign). Subscription orders should be sent to : Dhaka Univ. Journal of Science. Science Workshop Building. Curzon Hall Campus, Dhaka University, Dhaka-1000, Bangladesh.

**EDITORIAL CORRESPONDENCE** : Editorial correspondence should be addressed to : Professor Dr. A. F. M. Yusuf Haider, Dhaka Univ. J. Sci., Department of Physics, Dhaka University, Dhaka-1000, Bangladesh.

## Information for Authors

**SCOPE** : Dhaka Univ. J. Sci. publishes original research papers and short communications submitted by the teachers and scholars of the Dhaka University on any branch of Physical and Mathematical Sciences and their applications. In the case of joint authorship of a paper, one of the authors must be from Dhaka University.

**FORM OF MANUSCRIPT** : Manuscript must be **typed double spacing** (font size 11) on one side of A4 (210 mm x 297 mm) bond papers with margins. The first page of the typescript should contain title of article, name(s) of author(s) with academic or professional affiliation(s) and address of the author (in case of joint authorship) to whom communications should be made. The title, **not exceeding 50 characters**, should be provided for page headings. The title page should be followed by a page containing only the full title and in case of a full paper, an abstract of up to **150 words** describing the main results. No abstract is necessary for short communications. Considering the high cost of printing, contributions should be as concise as possible, and must not exceed **ten typed pages** in the case of full papers and **two typed pages** in the case of short communications. Tables, graphs and figures should be kept to a minimum. Tables of data represented by graphs should not be included unless they are absolutely necessary. Footnotes should be avoided as far as possible. **Disk, in MS Word, must be supplied with final manuscript.**

**REFERENCES** : All references must be numbered consecutively according to their occurrence in the text. Reference citations in the text should be indicated by superscripts, e.g., Smith<sup>1</sup>, solution<sup>2,3</sup> and keyed to a numbered reference list at the end according to the following style:

*For a paper in a journal* : Edmonds, J and K.M. Karp, 1997. Theoretical Improvements in Algorithmic Efficiency for Network Flow Problems. *J. assoc. Comput. mach* **19**, 248-264.

*For a book* : pines, D, and P. Noziirs, 1966. The Theory of Quantum Liquids. Vol. 1, Benjamin, N.Y.

*For a paper in a contributed volume* : Zahed, I.A., 1974. *Calculus of Fuzzy restrictions*. In : I. A. Zahed, K.S., Fu, K. Tanaka and M. Shimura (ed.). Fuzzy Sets and their application to Cognition and Decision Process, Academic Press, N. Y.

**SUBMISSION OF MANUSCRIPT** : Authors should submit two copies of their manuscripts typed as per style and format of the journal and complete with necessary diagrams to the Editor. The authors, at the time of submitting their manuscript, must certify that the work was carried out by him/them and the contents of the paper were not published before or submitted for publication in any other Journal.

To assist the referees, authors are requested to furnish copies of relevant unpublished or inaccessible references.

**EDITORIAL PROCESS**: All papers will be refereed. The Editor will process the paper in consultation with the department member of the Editorial Board, and the authors may be required to incorporate necessary changes as suggested by the referees. Final decisions on the papers will be made by the Editorial Board on the basis of the reports of the referees.

**PROOFS** : Authors will receive page-proofs. These should be corrected and returned within forty-eight hours of receipt. No new material may be inserted in the text at the time of proof reading, except where permission in advance has been obtained from the Editor.

**OFFPRINTS** : Twenty five offprints of each article published will be supplied free of charge. Additional offprints may be ordered at cost price at the time of returning the corrected page-proofs.
